Route Map

Kobe City stretches east to west, facing the Seto Inland Sea with the lush green of Mount Rokko in the background. The “Luminous Kobe” will take you out to the Akashi-kaikyo(strait) bridge which is the world-longest suspension bridge, sailing along the coast. The city’s night view is proudly known as one of the three most beautiful nocturnes in Japan. Around two-hour and half cruising pleases your eyes as well as palates by offering the superb dinner with fabulous town lights and cozy night breeze.
